Do you want to make a difference this summer with the world's largest environmental organization?

Greenpeace has several incredible volunteer internships available in San Francisco. You'll get the chance to work on the most pressing issues of our time - saving ancient rain forests, protecting oceans, stopping toxic threats, and launching a clean energy revolution.

Our Activist Network interns get the chance to identify, train and mobilize activists all across the country. Not only is it an awesome chance to work with an innovative, dynamic team, it's also a great opportunity to refine your grassroots activism skills, be a part of the world's largest environmental group, network with experienced environmental professionals, and make a real difference.

******To be placed in San Francisco, be sure to mark San Francisco Activist Network on your application!******

This is an unpaid internship from June 6 to Aug 12, 2011, during regular business hours.

The deadline to apply is Friday, April 29.
