- Inspection Program and Records
- Incident Investigation
- Webpage Design
- Document and Records Management
- Employee Bulletin Boards

The applicant should be an Undergraduate student of good standing in an EH&S related discipline. Students interested in the position should be strong in the following skills:

- Communication – both written and verbal
- Motivation – self starter who shows initiative
- Interpersonal – able to work effectively within a team framework
- Integrity – high degree of trust
- Accountability – sees projects/action items through to completion
- Computer – good knowledge of Microsoft Office Suite

Advancing Therapeutics, Improving Lives

Gilead Sciences, Inc. is a research-based biopharmaceutical company that discovers, develops and commercializes innovative medicines in areas of unmet medical need. With each new discovery and experimental drug candidate, we seek to improve the care of patients suffering from life-threatening diseases around the world.

Our portfolio of 13 marketed products includes a number of category firsts and market leaders, including Atripla® (efavirenz 600 mg/emtricitabine 200 mg/tenofovir disoproxil fumarate 300 mg) – the first single-tablet regimen for HIV infection. Viread® (tenofovir disoproxil fumarate), the company's first agent approved for HIV infection, was also approved in 2008 for the treatment of chronic hepatitis B. Chronic hepatitis B, a serious liver disease caused by the hepatitis B virus (HBV), is the leading cause of liver cancer worldwide and affects an estimated two million individuals in the United States.

Gilead was founded in 1987 in Foster City, California. In just over 20 years, Gilead has become a leading biopharmaceutical company with a rapidly expanding product portfolio, growing pipeline of investigational drugs and more than 4,000 employees in offices across four continents.

In 2010, Gilead's annual revenues reached nearly \$8 billion, and in 2009, *BusinessWeek* ranked Gilead #1 in its annual listing of the 50 Best-Performing Companies.
